

AQUAZ TRINITY JACKET

If you just glance at this jacket, it's easy to miss many cool features this new Trinity Wading Jacket has. The [Trinity wading jacket \[BR-1013-V04\]](#) is made of heavy duty material and it does consist of 100% waterproof 3 layers breathable fabric. This quality breathable wading jacket is built up in all new fit, design and features. There are 6 pockets in front; 2 fleece hand warmer pockets on sides and 2 pockets on each side of chest. There are multi layers of tool pocket and built-in D-ring on left chest pocket. The front pockets are big enough to put tool boxes and accessories.

A large cargo pocket on the back can be opened with a zipper on both sides. Those zippers are about 10.5 inch long vertically. The adjustable hood can be held by Velcro, so it can be easily accessible. The Trinity jacket comes with all YKK ® water-tight zippers. The YKK ® waterproof AquaGuard zipper on front is very sturdy and it's easy to open and close. This [Trinity Wading Jacket](#) will be excellent for your next fishing trip as well as any outdoor activity use. For more information, please visit [TRINITY Wading Jacket](#) online page.
