Dealer Name: \_\_\_\_\_

**Payment terms:**

\$100 for stockingfoot or \$150 for bootfoot / International shipping(Air Parcel) included.

Payment for custom fit order must be received before production starts.

\* For bootfoot order, please check with sales person for boot availability before placing an order.

**Conditions:**

Please note that production lead time takes about 4 weeks and can be done sooner or later depending on production capacity at the time of order.

We are not responsible for any damage or loss in freight.

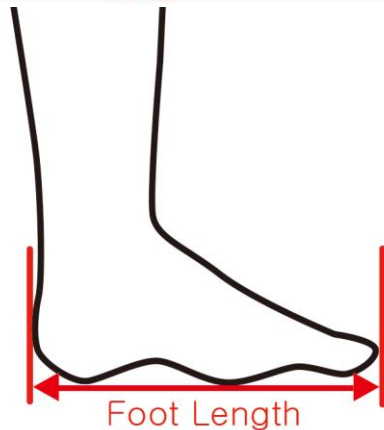

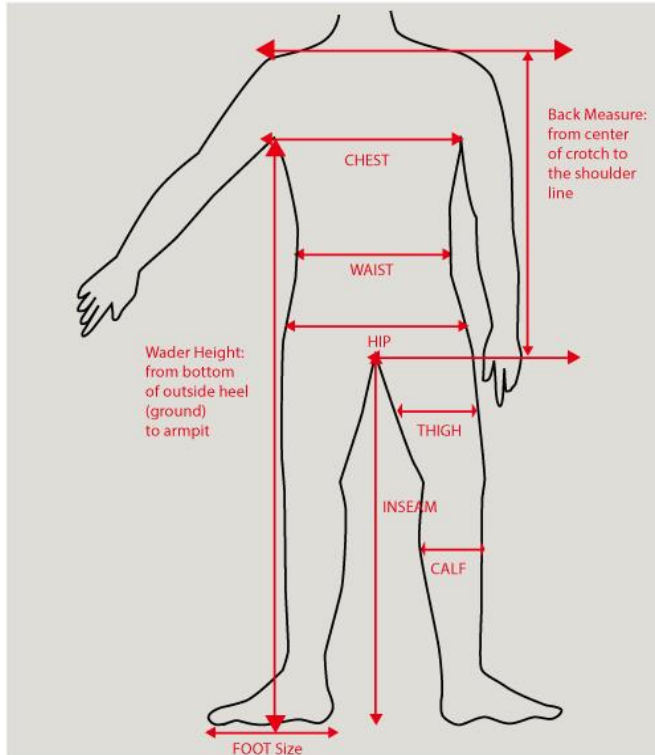

Customers are responsible for measurements. Aquaz will not accept any return due to incorrect sizing.

Custom fit wader order is ONLY for custom sizing. We will not customize any feature.

**Warning for bootfoot:**

BOGS does not recommend using screwed studs on Bogs boots. Aquaz is not responsible for any damage/leaking to boots due to studs.

# SIZE MEASUREMENTS CHART

**NOTE: DO NOT MEASURE YOURSELF. HAVE SOMEONE ASSIST YOU.**

Before submitting your measurements, be sure that you have indicated on Notes below and check the box  if the waders will be fitted for cold weather use either on top, pants or socks. The factory will make allowances for this type of use.

Notes: \_\_\_\_\_

in inches

Measure Points	Descriptions	Measurements
CHEST / BUST	With arms relaxed down at sides, measure around the fullest part of bust/chest, and straight across your back. Do not over inflate your chest.	
WAIST	Measure your waist keeping the measuring tape comfortably loose.	
HIPS	Stand with heels together. Measure around the fullest part of the hips while keeping the tape level.	
INSEAM / INSIDE LEG	Standing up straight with your feet shoulder-width apart, measure from top of inside leg at crotch to the floor.	
BACK MEASURE	Use a ruler to hold it between legs on crotch line(image#8). Measure it vertically straight from a parallel line of crotch to the shoulder line(where back of neck bone is).	
WADER HEIGHT	Standing up straight measure vertically from armpit line to the floor at heel WITHOUT shoes on.	
THIGH	Measure horizontally around biggest part of thigh.	
CALF	Measure horizontally around biggest part of calf.	
SHOE SIZE	Enter your usual shoe size and state whether it is in US, UK or EUR sizing.	
FOOT LENGTH	You must also measure the length of feet. Length is from the longest toe to back of heel. (See diagram). NOTE: Not everyone has the same foot measurement for both feet	

Please refer to images on the next page for detailed measure points.
